

The chart displays daily sales (blue bars) and forecast accuracy (red line) over a period of 10 days. The y-axis represents sales volume, ranging from 0 to 2.5. The x-axis shows dates from Saturday, July 5th to Monday, July 14th. A vertical red line on Sunday, July 6th, is labeled 'now'. The legend indicates that the red line represents 'Noise' in the forecast accuracy.
