

The chart displays wind speed data over a period of 16 days. The y-axis represents wind speed in knots, ranging from 0 to 20. The x-axis shows dates from Friday, July 11, to Sunday, July 27. The data is categorized into five forecast accuracy regions: Excellent (green), Very Good (purple), Good (blue), Poor (yellow), and Noise (red). A vertical red line at the start of the chart is labeled 'new'.

Date	Forecast Accuracy	Wind Speed (knots)
