

The chart displays two time-series plots. The top plot shows wind speed in knots (0 to 15) with a red vertical line at 15 knots and the text "No Wind Speed Data". The bottom plot shows wave height in feet (0 to 7) with a color-coded forecast skill legend: Excellent (green), Very Good (blue), Good (purple), Poor (yellow), Noise (red), and Unknown (black). The x-axis is labeled "d, sec" and shows dates from Sat 25-Oct to Mon 03-Nov.
