

The chart displays wave height in meters on the y-axis (0 to 14) against time on the x-axis (Friday 07-Nov to Sunday 16-Nov). The legend indicates forecast accuracy levels: Excellent (green), Very Good (blue), Good (purple), Poor (yellow), Noise (red), and Unknown (black). The chart shows a transition from observed data (yellow bars) to forecast data (red bars) starting on Friday 07-Nov. The forecast period shows a significant increase in wave height, peaking around 12.5m on Friday 14-Nov, followed by a decline and then a slight increase again on Saturday 15-Nov and Sunday 16-Nov.
