

Figure 10 consists of two vertically stacked bar charts sharing a common x-axis representing time from Thursday, December 25, to Saturday, January 10. The top chart displays wind speed in knots (kt) on the y-axis, ranging from 0 to 25. The bars are blue. A red vertical line is positioned at the start of the forecast on Thursday, December 25. Arrows at the top of the chart indicate the direction of the wind. The bottom chart displays wave height in feet (ft) on the y-axis, ranging from 0 to 12. The bars are color-coded according to the forecast skill, with a legend on the right: Excellent (green), Very Good (blue), Good (purple), Poor (yellow), Noise (red), and Unknown (black). A red vertical line is also present at the start of the forecast on Thursday, December 25. Arrows at the top of the chart indicate the direction of the wind.
