

This map displays the Sea Surface Temperature (SST) in the Gulf of Guinea, with longitude on the x-axis (ranging from -6.5 to -4.5) and latitude on the y-axis (ranging from 3.5 to 5.5). The color scale indicates SST in degrees Celsius, ranging from 25.5 (dark blue) to 29 (dark red). Contours are labeled with values such as 26, 26.5, 27, 27.5, 28, and 28.5. A white star marks the location of the PPL EBS, labeled 'PPL EBS - Cote d'Ivoire', near the coast of Ivory Coast. The map also shows the coastline of Ivory Coast and the Gulf of Guinea.
