

Figure 1 is a contour plot showing the distribution of the number of species (S) in the Nautilus genus. The x-axis represents the number of species (S) from 0 to 100, and the y-axis represents the number of species (S) from 0 to 100. The plot is divided into regions of different colors, representing different ranges of S . The regions are labeled with values: 1021, 1022, 1023, 1024, 1025, 1026, and 1027. A star marks the location of Nautilus.
